Oregon State
UNIVERSITY

LEARN FROM THE BEST

Oregon State University's Natural Resources Leadership Academy is a unique opportunity for professionals and graduate students to enhance leadership skills, gain knowledge and connect with others in natural resources fields.

Expand your professional network by making valuable connections with other natural resources experts, students, faculty and industry leaders.

Study with internationally renowned faculty at the nation's leading natural resources university.

2017 TRACKS INCLUDE:

- Environmental Politics and Policy
- Social Aspects of Sustainable Natural Resources
- Sustainability Assessment
- Water Conflict Management and Transformation
- Resilient and Robust Resource Management

Up to 7 graduate credits are available in an accelerated format or receive continuing education credits for your profession.
